Re: Deadline Waiver request for FCC Form 470 #190029689

FCC Forms 471 #191041736 and #191041737

To whom it may concern,

Last February 27, 2019 I had requested USAC to create an E-rate Productivity Center (EPC) Account in order to be able to participate in the E-rate funding request for Funding Year 2019. After following up on USAC as I did not receive the account on that day requested, I was finally able to obtain the account on March 3, 2019. On that same day FCC Form 470 # 190029689 was submitted. In compliance with the program rules, after the 28 day period for the fair and open bidding process window, FCC Forms 471 # 191041736 and 191041737 were submitted.

We are hereby respectfully requesting a deadline waiver for the previously mentioned forms as the deadline was not met due to the complications of the EPC account creation.

I appreciate your consideration on this matter and look forward to hearing a positive response in a near future.

Respectfully,

Marla Alvarez

Director
